

The Alliance

In an effort to better serve our restaurant customers, The Alliance was created from locally-owned and operated foodservice vendors. All of our members have been handpicked based on the following three criteria: members must serve the foodservice industry; they must be based in New England; and they must be rated at the top of their service categories.

Our goals include a total commitment to helping ensure the continued success of the independent restaurants in the New England area. Due to the comprehensive range of services and products that can be offered by aligning your business with The Alliance, you will benefit by having a single and local source for major categories needed. You will have the piece of mind knowing that The Alliance members are the finest in their categories.

When The Alliance becomes your partner, you benefit from the following service categories: Linen Service (General Linen Service); Restaurant Equipment (Alternative Sales); Pest Control (JP Pest Services); Warewashing, Cleaning & Laundry Products (Summit Supply); and Broadline Foodservice Distributor (Favorite Foods).
